**CALL FOR PAPERS**

The International Conference on IEEE RFID Technical and Application is organized by IEEE CRFID every year. This time, IEEE RFID TA 2013 will be held from 4-5 of September 2013, at the Zon Regency Hotel by the sea, Johor Bahru, Malaysia. This conference provides a platform for researchers, scientists, engineers, academicians as well as industrial professionals from all over the world to present their research results and development.

IEEE RFID TA 2013 will cover a broad spectrum of research areas that are of common interests, and will pay particular attention to the industrial needs. Papers describing original work in, but not limited to, the following areas will be considered for oral and poster presentations:

1. Antenna theory and design  
2. Chipless & emerging technologies  
3. Chip and Reader design  
4. Security and privacy  
5. Protocols & software  
6. Sensing  
7. Pervasive Systems  
8. Applications  
9. Propagation & Localization  
10. NFC  
11. Standards & Regulations  
12. Other topics

**To submit a paper**

Manuscripts 4-6 A4-pages must be submitted in PDF format and English language in order to be reviewed by the Technical Program Committee. Once manuscripts accepted for presentation, authors are requested to submit the final version. All papers must follow the IEEE conference style guide and be no more than 6 pages in length. Accepted and presented papers will be published in the IEEE conference proceedings and in IEEE Xplore and will be eligible for Best Paper Awards. All published papers will be recommended for a SCOPUS/ISI indexed journal. The website with the author's instruction is [http://www.ieee-rfid-ta.org/](http://www.ieee-rfid-ta.org/)
